

E.S.A Maintenance Report

TO: ESA Board of Directors
Theodore F. Lewis, Jr., *Executive Director*

FROM: Chris Muccie , *Superintendent, Safety Coordinator, N.J.D.E.P. C-2
Licensed Operator*

DATE: May 9, 2024

Report for April 2024 Activities

A. Problem Areas:

- Grease Traps Inspections – continued working on grease trap inspections but I am still limited due to me having to fill in on regular worker duties until the new employee starts.
- Land Rover / Audi dealership - We are making progress on the dealership blocking access to our sewer main line easement . The dealership so far has moved Cars from spot 14 on the lot ,and removed plows blocking one of our manholes . They also cut down the fence blocking access and trimmed the trees in the area . The only thing left for them to do is remove the two storage containers in the back parking lot .
- Circle Pump station Bad check valves - Last meeting I was given permission to hire municipal maintenance to install new check valves due to lack of time from being a worker short . Municipal maintenance still has not installed the check valves . If I can get the new employee confined space training before municipal maintenance shows up , I will just cancel the repair order and we will install ourselves .
- Old Orchard Rain infiltration issue - The pump station was inspected by t and m . The contractor who build the station will fix the station drainage problem . Also I will be adding the lines coming into the pump station to the phase 2 lining project .
- Maxwell Pump Station will be added to the phase 2 lining project to prevent high water alarms on heavy rain days .
- Wampum pump station has no low level alarm and has only three reporting alarms, it needs more. This needs to be corrected.
- Pump Station Back Up Generators need to have an automatic startup feature to be able to run weekly . we currently have only run them once a month manually.
- We are making progress on the GIS system and missing wye cards .
- Shop / garage has a giant crack in the wall still working on a solution .

- New frame and covers arrived need to start up frame and cover inspections . due to lack of employees we had to prioritize other needs first.

B. Activities

- Finished completing OSHA and DEP compliance guidelines . All 22 written programs complete .
- Removed damaged extension ring and replaced with new one on Clinton AVE
- Daily calling to check phone lines at the OLD Orchard , Old Deal , Brookwood , Deep Woods , Wampum , Circle, County Club, Crystal Inn, Eaton Crest, Industrial Way, Laurel Gardens, Lewis Street and Maxwell Road pumping stations
- Me, dan and peter repaired boiler valve at our shop .
- Pulled pump 1 at circle pump station
- Bought new extension rings at Atlantic
- Attended phase 1 bidding
- Vacuumed and jetted multiple storm drains at Wolcott park for DPW
- Conducted interviews for the open position.
- Attended meeting with TandM at Old Orchard pump station .
- Took jet Truck for yearly Diesel Exhaust inspection.
- Added bio blocks to pump stations to help fight grease .
- Replaced all worn out safety stickers at all pump stations.
- Met with Verizon to install GPS devices on all trucks.
- Vacuumed out and jetted storm drains on grant AVE for DPW.
- Met with municipal maintenance at circle pump station .
- Met with Charlie at OLD deal and deep woods to install new generators.
- Attended Limble CMM meetings to train on using new software.
- 75 Tinton Ave blockage . (ours)
- Replaced low level float At country club pump station.
- Replaced trickle charger at country club generator .
- Oil change on truck # 31
- Met T and M at Old Orchard pump station to survey elevation.
- Met with Charlie to install new scanner / printer
- Continued working on updating entire SDS file log
- Me dan and peter installed new RACO alarm box for free trial run .
- Trained on how to set up alarms and channels on new Raco Alarm box
- Completed Letter of serviceability for Sunrise Holdings- Michael's Plaza Lots 3, 4, 5 and 6
- Replaced blown Fuse on Raco Alarm box

- 44 Walter house Stoppage (ours)
- Replaced GFI outlet at Eaton crest pump station.
- Replaced high water relay at Eaton crest pump station
- Replaced lead 1 float at Eaton crest pump Station
- Replaced trickle charger at wampum pump station generator
- Blockage At 15 willow (ours)

C. Items Needed:

- New Camera Truck – current vehicle is out of date and a safety hazard.
- New snake for clearing cleanouts to main. Existing snake is cumbersome and inefficient.
- New RACO scada system for pump stations to allow for online access to pump station issues.
- GIS access and mapping..
- Vibration test meter and Megger meter for pumps. This will allow for routine testing of pumps to determine alignment, bearing and housing issues along with electrical wire insulation deterioration. There is a Operations and Maintenance of Pumps training class which will be offered at Rutgers. Ted has approved for the staff to take the course. Once the course is completed the staff will need the required meters to perform more preventative maintenance.

D. Coordination with the Public & other Agencies:

- New Jersey One Call System Mark outs (138) – *see attached*
- *Complaint Memorandum: (11)*
- *RN# 56 Emergency mark out 111 malibu drive*
- *RN# 57 Emergency Mark out 109 malibu drive*
- *RN# 58 maxwell pump station high water alarm.*
- *RN # Old Orchard pump station high water alarm*
- *RN # 60 House stoppage 44 Walter (ours)*
- *RN # 61 103 Throckmorton Ave shop Alarm*

- *RN # 62 Wampum Channel 0 Generator fail start*
- *RN # 63 75 Tinton Ave house stoppage (ours)*
- *RN # 64 country club pump station low level*
- *RN # 65 Eaton crest Pump station. Channel 5 phase fail*
- *RN # 66 Eaton crest pump station alarm box battery backup*

E. Scheduled weekly, monthly and annual activities:

- .completed monthly generator and crane inspections and maintenance.
- Bi weekly pump station maintenance on Mondays and Thursdays .
- Jetted monthly trouble spot areas. **NOT finished due to staff limitations**
- Completed monthly inspection check list for harness, fall protection, wench and cable.
- Completed jack stand inspection form.
- Inspected all fire extinguishers at garage, shop , trucks and all pump stations.
- Inspected emergency eye wash station and replaced water in it ..
- Weekly generator startup inspections. **NOT PERFORMED DUE TO STAFF LIMITATIONS**
- Varying frequency - Lateral, manhole, mainline (SSO program) root treatments. **NOT finished due to staff limitations**
- Once every five years - Manhole inspections to determine deterioration. **NOT PERFORMED DUE TO STAFF LIMITATIONS**
- Hold monthly safety meeting with Dan covering written safety policies .
- Driver Vehicle Inspection Reports; completed the reports for ESA vehicles operated daily as required by the NJDOT federal motor carrier safety regulations.
- Monthly fixed ladder inspections / portable ladder inspections
- Grease trap inspections. Not finished but making progress

- Completed monthly truck maintenance and inspections.
- Worked on monthly wet well cleanings
- Started on root treatments for lateral problem areas.
- Monthly force main walk through to check for signs of leakage

Attachments included : monthly mark- out list

Monthly fuel usage.

TWO RIVERS WATER RECLAMATION AUTHORITY

One Highland Avenue

Monmouth Beach, New Jersey 07750

(732) 229-8578

RE: N.J.A.C. 7:10A-1.12 duties, records and reports;

(b) Each licensed operator shall immediately report any system deficiencies, breaks, breakdowns, problems, bypasses, pump failures, occurrences, emergencies, complaints and/or intervening factors within the system that result in or necessitate deviation from the routine O&M procedures and any situations that have the potential to affect public health, safety, welfare, or the environment or have the potential to violate any permits, regulations or laws relating to this chapter. All reports shall be made to the owner or permittee of the system to or from which treatment is provided. All violations shall be reported by the owner or permittee, as appropriate, to the Department.

1. Each licensed operator shall submit to the Department, upon request, a report summarizing any event described in (b) above and the remedial action taken.

2. Each Public Wastewater Collection System operator shall submit to the receiving system a monthly report summarizing all events described in (b) above and the remedial action taken, by the 10th day of the month following each month for which the data is collected.

Dear Mr. Gianforte:

I have no events to report for the month of April, 2024.

Respectfully,

Christopher Muccie

Superintendent / Safety Coordinator / C2 Licensed Operator # 1023809
